2018 workshops

This year we are starting the workshop season with a full workshop day on 6 April at the [International University of Languages and Media](#) (IULM) in Milan, which has kindly offered its premises. The IULM is 5 minutes on foot from Romolo Metro Station (green line, line 2) and Romolo Suburban Railway station (line S9).

To register, use the [MET workshops registration form](#). If you are a current MET member, please log in before registering. The price of the morning workshops and the afternoon sessions includes a coffee break.

Participants are also welcome to sign up for various **optional social events**: Thursday dinner, Friday lunch in the university canteen, food and drinks on Friday evening, and a Saturday morning walking tour of Milan. [Click here for more details and to sign up](#).
