

SDL Trados Roadshow

Milan, Thursday 30th May

Rosa Grand Milano

We are excited to announce that the SDL Trados Roadshow is coming to Milan on Thursday 30th May, we look forward to welcoming you at the Rosa Grand Milano.

Take some time out of your working week and join us for a friendly and informative day of information, reflection, and ideas, along with some product training in the afternoon. Come and meet your SDL team, network with other translation professionals and hear all the latest news.

At this year's Spring roadshow series, we explore a number of macro trends that are changing the world we live in. These changes affect what individuals and organisations are looking for in business engagement and communication, and we'll consider what that means for translators and the translation industry. More detail on the agenda will be announced shortly!

In addition to our keynote address, we will ...

- Deep dive into the latest SDL Trados releases – SDL Studio GroupShare, BaccS, SDL Language Cloud Terminology and SDL Language Cloud Machine Translation
- Share the latest hints and tips on getting the most from SDL Trados Studio
- And offer you a full afternoon of SDL Trados product training

The SDL Trados Roadshow is always a popular event and places get booked up early. Attendance is free of charge, so don't wait, book your place now.
